Oasis Crescent Global Equity Fund (the "Fund"), a Fund of Oasis Crescent Global Investment Funds (UK) ICVC (the "Company")
 Class F (GBP) Shares (Inc), ISIN: GB00BLD0QQ17; Class F (GBP) Shares (Acc), ISIN: GB00BLD0QR24
 This Fund is managed by Oasis Crescent Wealth (UK) Limited, the Authorised Corporate Director ("ACD")

Objectives and Investment Policy

Objective:

The objective of the Fund is to achieve growth of capital and income for investors in excess of the MSCI ACWI Islamic USD Net Total Return Index over rolling ten year periods.

Investment Policy and Investment Strategy:

- The Fund is actively managed in accordance with Shari'ah principles.
- The Fund will invest at least 75% of its Net Asset Value in shares (including preference shares) of companies. Although the Fund is unrestricted in the types of company or industry it may invest in, the Investment Manager will focus on large and mid-cap companies with market capitalisation coverage up to 85% as per the MSCI Global Investable Market Indexes Methodology.
- The Fund may also invest in collective investment schemes ("CIS"), shares in property companies and real estate investment trusts, and income yielding debt securities. These other collective investment schemes may include exchange traded funds.
- The Fund is not restricted geographically, but may only invest up to 20% of the Net Asset Value in emerging markets.
- The Fund may only invest in derivatives for the purposes of efficient portfolio management.
- The CISs which the Fund may invest in may include other Funds of the Company or other CISs managed by the ACD or the Investment Manager. The Fund may not invest more than 10% of its Net Asset Value in units in CISs.
- The Fund may also hold investments in cash or cash equivalents which may comprise ancillary liquid assets (meaning cash, deposits or securities evidencing deposits issued by or guaranteed by an institution).
- From time to time, where the Investment Manager considers it to be in the best interest of the Fund, the Fund may hold larger proportions of liquid assets.
- The Investment Manager's philosophy is focused on preserving, protecting and growing the wealth of investors, over the long term. The Investment Manager believes this is achieved through the selection of high quality instruments and maintaining a well diversified portfolio, through market cycles.

- A market cycle refers to the period over which economic trends or patterns arise in various financial markets or business settings. Market cycles can vary in length.
- The MSCI ACWI Islamic USD Net Total Return Index (the "Benchmark") is used as a target benchmark. The Fund is actively managed and the Investment Manager is not constrained by the Benchmark or any other benchmark in the selection of the investments for the Fund.
- The Benchmark has been selected because the Benchmark aligns with the Fund's exposure to developed and emerging markets as well as sectoral coverage.
- Oasis Crescent Global Equity Fund ("OCGEF") was merged with the Fund on 11 December 2020. Prior to 11 December 2020, the benchmark was Average Shari'ah Global Equity Peer Group.
