

O A S I S

YOUR OASIS

ANNIVERSARY EDITION - 2022

UNITED KINGDOM

25TH

ANNIVERSARY

CELEBRATING
25 YEARS OF
BARAKAH

VIEWS FROM OUR CEO

On 1st June 2022, our global partners, the Oasis SA Group, reached a momentous milestone as they celebrated their twenty fifth year of operation. This occasion reminds us of the Barakah (blessings) bestowed on us and how, over the past 25 years, we have been deeply privileged to contribute so meaningfully to our clients, our stakeholders, our employees and the communities at large. Our drive at Oasis, to deliver sustainable material change in the lives of our investors, is as steadfast today as it was in 1997 when our asset management business was started.

Our company name, Oasis, is of great significance to our philosophical investment strategy. An oasis is a symbol of hope, a place of plenty in a barren landscape. A tree in the heart of an oasis can be seen as the dynamic product of a life sustaining source and is evidence of the power of this source to create abundance in harsh conditions. Likewise, Oasis investment portfolios seek to provide the same concept: dynamic products with superior performance in harsh market conditions.

Oasis was founded with a family entrepreneurial ethos and has developed into an institutionalised business operating in a number of regulated markets around the world. Over the past 25 years, Oasis has at all times retained its focus on family values, Islamic ethical principles, social cohesion, high quality governance and respect for the environment.

COMPANY MILESTONES

The Oasis SA Group's journey began in 1997 when it established Oasis Asset Management Limited, launching the flagship Oasis Crescent Equity Fund the following year. In 1999, the Oasis SA Group saw the establishment of Oasis Crescent Management Company Limited for the launch of additional Collective Investment Schemes. The following year, in 2000, Oasis registered two global investment schemes with the Guernsey Financial Services Commission to launch the Oasis Crescent Global Equity Fund and the Oasis Global Equity Fund. In 2001, the Oasis SA Group received a pension fund administration licence to establish Oasis Crescent Retirement Solutions and thereby offering a range of retail retirement funds. The Oasis SA Group took an important step forward in 2002 with the establishment of Oasis Crescent Capital (Pty) Management Ltd, which is focused on the management of Shari'ah assets.

A further key milestone in developing Oasis' global reach was the establishment in 2003 of new offices in the Dublin financial district, to launch the Oasis Global Investment Fund (Ireland) plc and the Oasis Crescent Global Investment Fund (Ireland) plc.

The Oasis SA Group's innovative and path-breaking ethical investment business development in 2005 saw it launch the world's first listed Islamic Property Fund. This was followed up in 2006 with the launch of the Oasis Crescent Global Property Equity Fund, which was the first global Islamic property equity fund in the world.

Extending its investment offering even further in 2010, the Oasis SA Group launched its long term insurance business, Oasis Crescent Insurance, which completed a comprehensive product range of 40 portfolios. Around the same time, the Oasis SA Group completed the name change of its financial & advisory services business to Oasis Crescent Advisory Service (previously, Eden Court Advisory Services). In December 2010, Oasis' Funds were also registered in the United Kingdom.

In 2011, the Oasis SA Group moved its Cape Town headquarters to a new location in University Estate, with a purpose built structure constructed around a renovated Victorian homestead on the slopes of Table Mountain overlooking the picturesque harbour. In June 2012, the Oasis Global Group expanded its global footprint by opening its U.K. London office in Knightsbridge offering investment and advisory services.

The most recent significant development in the Oasis Global Group's business occurred on the 11th December 2020, when Oasis Crescent Global Investment Fund (Ireland) Plc merged with the Oasis Crescent Global Investment Funds (UK) ICVC, culminating in the re-domiciliation of the funds from Ireland to the United Kingdom. On 1st November 2021, Oasis Crescent Wealth (UK) Ltd replaced Oasis Global Management Company (Ireland) Ltd as the Authorised Corporate Director of the Oasis Crescent Global Investment Funds (UK) ICVC.

GLOBAL REACH

The Oasis Group today remains an independently owned and managed global fund manager established over the past quarter of a century, operating in multiple jurisdictions and offering an ethical Islamic alternative within the global investment landscape.

The Oasis SA Group has physical office presence in South Africa while the Oasis Global Group has a physical presence in the United Kingdom and Mauritius. Over and above operating in these three legal jurisdictions, our products are distributed in:

Malaysia

Singapore

Switzerland

UAE

INVESTMENT FUNDS

The Oasis SA Group launched its first local South African flagship fund, the Oasis Crescent Equity Fund in 1998. This was shortly followed with the registration of two global investment schemes with the Guernsey Financial Services Commission which launched the Oasis Crescent Global Equity Fund and the Oasis Global Equity Fund.

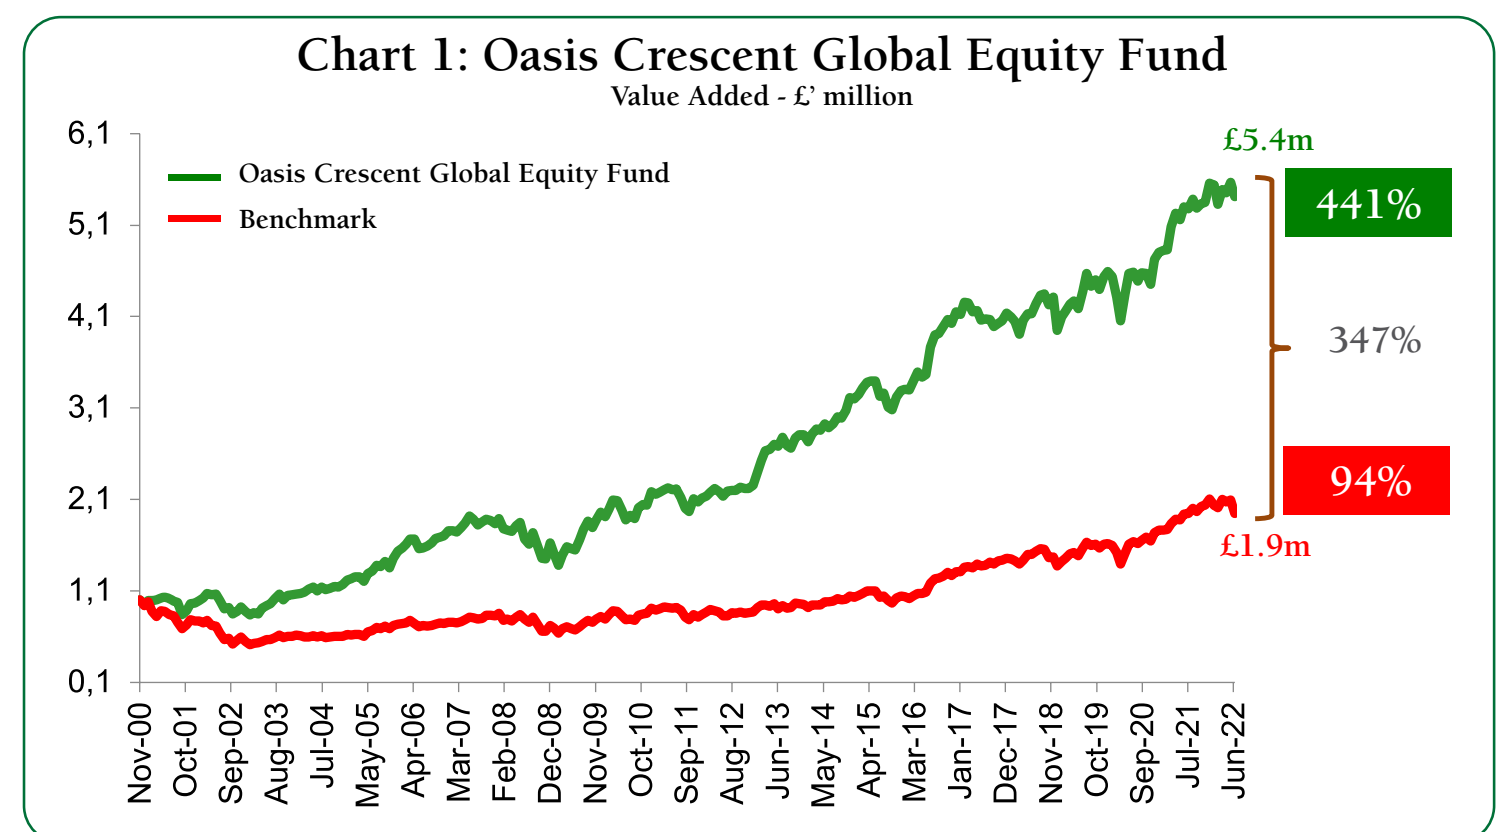

Our fundamental investment philosophy has always been finding high quality undervalued companies within the equity and property asset classes with a focus on stronger balance sheets and sustainable business models. As a result, Oasis' funds are well positioned for outperformance in a normalizing interest rate & tighter liquidity environment given well diversified portfolios with high quality instruments. This provides us with the ability to deliver sustainable risk adjusted returns through the economic cycle.

Our comprehensive product offering encompasses our mutual & unit trust funds, pre-retirement tax savings products and post-retirement pension plans in order to satisfy the life staging and risk based profiling of all our clients.

Below we showcase our suite of South African unit trust and Global mutual fund product ranges.

Our investment philosophy has paid off handsomely for our clients over time. For instance, our flagship Oasis Crescent Global Equity Fund has outperformed its benchmark by a cumulative 347% since its inception in 2000. While there are periods in which our funds may underperform frothy and speculative markets, over the long term Oasis continues to deliver sustainable and superior returns.

A BROADENING AND DEEPENING REACH

Oasis continues to extend its investment and savings offerings across the globe. On the retail side, Oasis offers both direct and indirect client product distribution via Oasis Crescent Wealth (UK) Limited's Advisory Service as well as Independent Financial Advisors (IFAs), respectively. Oasis also distributes its products via the Wealth Management and Pension Platforms of business to business global and regional banks, Takaful providers and investment platforms. Oasis' products are available across a wide variety of registered jurisdictions such as South Africa, the United Kingdom, Singapore, Malaysia, Mauritius, Switzerland and the UAE.

ACCOLADES

Oasis has been humbled by the many awards it has received over the years, reflecting our success in managing our client's money. In South Africa, the Oasis SA Group has been a frequent recipient of Raging Bull and Financial Mail (Standard & Poor) awards. Globally, the Oasis Global Group has been proud to have received recognition for its funds' performance from Morningstar and Lipper. In 2019, the Oasis Crescent Equity Fund was awarded by GIFA as the Best Islamic Fund over a 20-year period for having delivered over 17% on an annualised basis since its inception. Most recently, in September 2021, Oasis Crescent Capital (Pty) Ltd was awarded the "Best Global Islamic Fund Manager Award" at the GIFA Awards while our CEO Adam Ebrahim was awarded the "The Islamic Finance Personality of the Year Award 2021".

The table below highlights the industry recognition of our global and South African achievements, a track record of which we are very proud of.

OASIS COMMITMENT TO SHARING VALUE

For the Oasis Group, responsible and sustainable corporate citizenry has remained integral to the firm's operation. Since inception, the success of Oasis ethical products has allowed non-permissible income contributions into the Oasis Crescent Fund Trust (OCFT) and thus support the eradication of social disparities. The resulting improvement in the quality of life for thousands of ordinary people has been extensive both domestically and abroad. The reach of the projects initiated by the company over the past 25 years spans across education, healthcare and social service support. Some specific initiatives over the years are highlighted below:

2003 - The Oasis Crescent Fund Trust brought relief to the inadequately resourced Dermatology Unit of the Red Cross Children's Hospital by equipping it and funding a full time healthcare worker to operate the unit.

2004 - Oasis involvement with grass-roots and developmental rugby commences with the sponsorship of Oasis SK Walmer's. The rugby club was developed into a premier team, with investments into coaching and support staff, mentoring partnerships with significant stakeholders in the Rugby Fraternity, equipment and gear as well as player rewards. The investment spurred a drive towards achievement and success and allowed the community to enhance itself, gain recognition and attract talent. In the same year, Oasis also responded with South Africa's first substantial funding towards the devastation caused by the Tsunami Disaster of 26 December 2004 which affected the South East Asian region. The funding ensured medical supplies, food and shelters were delivered to large numbers of the affected population of Indonesia.

2005 - The Group pledged its support and became the lead sponsor of the South Africa-Mali Project, an official South African Presidential project that aimed to preserve ancient manuscripts in the northern region of Timbuktu.

2006 - OCFT unveiled the Ismail Adam Ebrahim dormitory for students of the As-Salaam Educational Institute in Braemar, rural Kwa-Zulu Natal. This community, largely affected by the HIV/AIDS pandemic, had a number of children left under the supervision of their aging grandparents or older siblings. With the dormitory facility in place, students could focus on enhancing their development and skills and reduce the pressures faced by their extended families.

2007- Oasis Bursary Programme is inaugurated by Professor Fatima Meer in Durban and has since expanded to offer hundreds of deserving primary, secondary and tertiary level students the opportunity to access quality education. Students admitted onto the Programme are also provided with skills development training and ongoing support to ensure that they are able to transition into rewarding careers.

2010 - OCFT joined the world in reaching out to the Haitian community and those affected by the devastating earthquake in 2010. The Trust made a R5 Million donation to ensure the Gift of the Givers delegation were financially assisted to help restore the lives and dignity of the people of Haiti.

2011 - OCFT refurbishes a Laser Facility and donates a skin laser machine to Groote Schuur Hospital. The machine, the first of its kind in the public healthcare space, will ensure that treatment for conditions, previously unaddressed by the public healthcare framework, are now accessible at Groote Schuur for the benefit of all South Africans.

2012 - Oasis embarks on an ongoing project that supports Early Childhood Development. This funding will ensure children; especially those in their formative years and who are entrusted to caregivers, are exposed to developmental play and learning. The project is also aimed to ensure the advancement of teacher and caregiver skills as well as the upgrade and development of early childhood development facilities. Over R5 Million has gone into this project which has benefitted hundreds of children to ensure that they are well equipped and prepared to receive education once they enter primary school.

2013 - OCFT partners with the Equal Opportunity Foundation to form the Ilima Project aimed at addressing the needs of 5 rural communities situated in the regions across South Africa. The project delivered four Early Childhood Development Centres and one Multi-purpose centre focusing on HIV/AIDS support and job creation. The funding was of benefit to 938 direct recipients, the majority of whom were rural based women.

2014 - The Trust continues its support of the Samurai Kimura Shukokai International South African National Team who participate in World Championship Events every two years. Throughout this partnership, a number of karate students were developed and groomed from grass roots level and were given the confidence to develop skills to compete on global platforms. The team have developed into one of the most formidable squads competing at this tournament.

2016 - OCFT adopts orphanages and an old age home in order to provide ongoing financial support as well as engage in social interaction with these homes. The result has been an expansion of interests for children and adults alike as well as integrating what is often a forgotten part of our society back into the mainstream.

2017 - OCFT commences its funding programme to tertiary level institutions, with a funding pledge of R10 Million made to the University of Cape Town. The funding aimed at undergraduate and postgraduate studies will ensure deserving students, under the University's care, are able to access financial support and graduate without accumulating student debt.

2020 - Since the Covid-19 pandemic, Oasis formulated a response strategy to assist its employees as well as a large contingent of community members, institutions and agencies in need of healthcare and nutritional assistance. Given South Africa's socio-economic conditions, the Group prioritised its response on delivering medical equipment and food throughout the country to a number of affected communities who faced isolation and also unemployment over this time. Support also extended towards healthcare workers to ensure that they could access patients and provide intervention and guidance where required.

2021 - OCFT hands over R1 Million in funding to the Economics & Management Sciences Faculty as well as the Law Faculty of Stellenbosch University. The funding will be used to assist the Deans to further strengthen and enhance their respective departments.

2022 - Over the past year, Oasis support also extended significantly to Cancer Research UK, Save the Children and the Oxford Centre of Islamic Studies. These organizations perform vital work within the communities from a health care a social services perspective. The funding will be utilised to assist in development and sustainable projects that enhance the lives of those most vulnerable amongst us.

CONCLUSION

As we look back on the significant economic change within the United Kingdom and globally over the past 25 years, we recognise that the path to success is never smooth sailing but can only be achieved through determination, commitment and tenacity.

At the heart of our ability to navigate an ever-changing world is our steadfast focus on ethical investing which combines family values, Islamic principles, social cohesion, high quality governance and a respect for the environment.

We take this opportunity to thank our valued clients, stakeholders, regulators and our staff for their continued support and commitment over the past 25 years.

We are focused on excelling on behalf of all our stakeholders, the Oasis Way, the Compliant Way. Our Commitment is Unwavering.
